## TEXT INSTRUCTIONS FOR UNBOXING S1s

### Image

1. Cut tie straps
2. Remove plastic wrap
3. Using a shallow-bladed knife, cut open box along tape seams
- 4 – 7. With one person on either end of the box, lift the speaker from the box keeping the foam in place on the speaker and set on the floor, resting on the foam.
- 8 – 9. Remove feet, floorsavers, bolts and 3/16" Allen wrench from the foam end caps.
- 10 – 11. Using two people, one to steady the top of the speaker on the floor and one to lift the bottom of the speaker; stand the speaker, in its foam, onto its top.
12. Remove the protective plastic from the bottom of the speaker.
- 13 – 14. Using the provided 3/16" hex Allen key tighten each foot to the bottom of the speaker using three bolts each.
- 15 – 16. With one person lifting either end of the speaker carefully flip it on to its feet. If you have hardwood or delicate floors, lay down a protective mat.
17. While one person slightly tips the speaker slide the floorsavers under the feet (not for use on carpet).
18. Remove the protective plastic and tweeter guard.
