

## COMPANY NEWS

*We have already passed the first half of 2019!*

*A good chance to step back, evaluate your year so far with your goals and objectives; and to take action to get back on track if necessary: no better way to do so than with great music in the background...*

*Make the second half of the year count!*

### HIGH END MUNICH 2019 DELIVERS

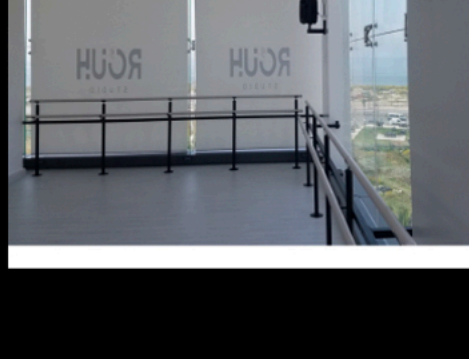

The **High End Munich** this year was buttoned up as usual. The German high-end audio fair has become a crucial fixture on the hifi calendar; not just to see brand new products, but also to see some amazing eccentric music systems.

For all the music lovers out there, the High End show is a great place to be!

The **High End Munich** is an annual exhibition featuring some of the best hi-fi and audio solution products from around the world, located at the MOC exhibition center in Munich, Germany.

### SOUNDS INC. SUPPLIES MUSIC SYSTEM TO STUDIO IN SAIDA

### SOUNDS INC. INSTALLS SOUND SYSTEMS IN UNICEF LABS

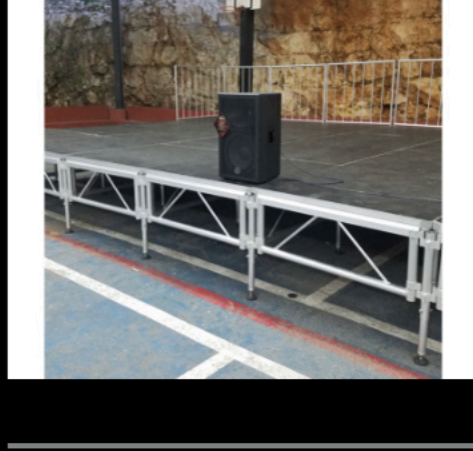

UNICEF Laboratory in Sibline

UNICEF Laboratory in Tripoli

### SOUNDS INC. INSTALLS PA SYSTEM IN A SCHOOL

**Sounds Inc.** has supplied and installed a mobile audio system in the Franco-Lebanese Lycée in Nabatiyeh.

## HIGH FIDELITY AUDIO NEWS

### Recommended Reference Component

*"...The Reference promises big bass--and that's what it delivered, while paying no price in diminution of overall sound quality or driver-to-driver coherence..."*

*"The Reference was the most exciting GoldenEar Technology speaker to listen to and that might be the liveliest-sounding speaker that GoldenEar Technology has produced, but it didn't depart from neutrality."*

### The Quad Artera Solus, All-In-One Solution

*"The Artera Solus is a tremendous one-box system and an absolute steal."*

This slick, all-in-one, system sees the company's traditional values brought up to date to impressive effect. The Quad sounds like an assembly of high-quality separates, with not a hint of compromise in the name of its room-friendly packaging.

## PROFESSIONAL AUDIO NEWS

### The WLA-25 Systems Are Versatile

The Line Array business continues to grow and remains the hot trend within the Pro Audio business.

The WLA-25 system has a small footprint; big power; birch plywood construction; custom Wharfedale Pro transducers; and an integral rigging system.

Using a choice of 3 different fly frames or the WLA-25 stand frame, a WLA-25 rig can be flown, ground stacked, or configured as a small and portable array.
